Bogor, Indonesia

I am fresh graduated student from Gunadarma University, part of the Faculty of Industrial Technology and majoring in Informatics Engineering. I am motivated and passionate about the world of technology, especially design. I have some skills and good taste in design also have experience participating in BISA KRIPTO project development as a UI/UX Designer and I also won several contest awards in poster design, logo design, and animation. I'm able to communicate well, adapt to environment properly, learn new things quickly, and work together in a team.
